Education

- 2019: Ph.D., Niigata University, Chemical Engineering
- 2011: M.S., Mongolian University of Science and Technology, Chemical technology
- 2008: B.S., Mongolian University of Science and Technology, Chemical technology

Research areas

- Conversion processes of various fuels such as brown coal and biomass
- Kinetics of pyrolysis and gasification of brown coal

Career

- 2019~Present: lecturer, School of Applied Sciences, Mongolian University of Science and Technology
- 2016~2019: Researcher, Niigata University, Japan
- 2011~2016: Training master, School of Applied Sciences, Mongolian University of Science and Technology
- 2008~2011: Operator, "Olon Ovoot gold" LLC
