Education

- 2020: Ph.D., Beijing University of Technology, Environmental Science
- 2015: M.S., Inner Mongolia Normal University, Physical Chemistry
- 2005: B.S., National University of Mongolia, Petroleum chemistry

Research areas

- Petroleum and solid fuel;
- Preparation and application of new catalytic materials;
- Environmental pollution catalysis control chemistry;

Career

- 2021~Present: Teacher of chemistry, School of Applied Sciences, Mongolian University of Science and Technology
- 2015~2021: Training Master, School of Applied Sciences, Mongolian University of Science and Technology
- 2008~2011: Teacher of chemistry, Secondary school of Zamiin-uud
- 2006~2007: Engineer in Organic laboratory, Mongolian Railway, SOSC
